

There are not many gardeners, beginners or experts, who don't love a Japanese maple! They are some of the most popular trees in our landscapes, offering graceful forms, vivid foliage colors, and undeniable beauty. Unlike the average garden center who only offers five or six varieties, **we offer a very extensive line of Japanese Maples with over 50 varieties!**

When looking for a Japanese Maple, Home Grown Gardens is the first place to start!
 Below is a listing of the types of maples we carry from season to season.
Inventories change frequently so we suggest you call for current inventory.
